FOR IMMEDIATE RELEASE

USCA National Club Teams Set for March in West Palm Beach, Florida

The USCA National Club Teams Croquet Championships will be held on the lawns at the National Croquet Center in West Palm Beach, Florida on March 12-16. Ninety players from clubs throughout the United States are expected to compete in five flights in this doubles only event on the Center's courts. Teams not only compete for victory in their respective flight but are also competing for the coveted Lyons Trophy, which is awarded to the top clubs in three divisions.

Last year's Championship winner's Ben Rothman and Jim Butts will not be playing this year leaving the door open for a new Champion. Early predictions favor John Young of Bermuda and Doug Moore of New York who will be representing the New York Croquet Club. Last year's Division One Lyon's Trophy went to the National Croquet Club of West Palm Beach who is favored to win again this year due to the large numbers they are able to field. Local pro, John Osborn, will be the Tournament Director.

Spectators and guests are welcome and should contact Erica Sherman at (561) 478-0760 or tournamentusca@aol.com for additional information.
