5. Tina Hinckley
6. Diane Wendin
7. Marie Rittman
8. Lee Spano

Thirteen players from the West Palm Beach area competed in the second leg of the Citrus Golf Croquet Classic 2018. Again, the weather was very warm which made for an exhausting weekend. In the Championship Flight everyone played four 19 point games, which means first to

10 points. The top two players played a 19 point game for first and second place and third and fourth played a 19 point game for third and fourth. The final for first and second place was witnessed by the gallery as nothing short of dazzling. In the nearly two hour match and 9 count them 9 jump shots were played between these two players. At 9-9 Warlick shot first with blue but came up well short. However ,the hoop was still well fought between the two players after about 20 minutes Pierce scored the winning hoop with a six footer. A fist pump and a hand shake as he walked off the court with a sigh of relief. Pierce was moved up to Championship Flight after winning the first Flight in the first leg of the series. Third place was won by Victoria Albrecht over Denise Delrusso. In the First Flight as a late entrant in the call to duty, Clint Fowlkes won the First Flight with a record 6-1 only losing one match. He earned himself 40 points going into the final leg of the Citrus Classic. Second place was again won by Caryl Firth as was third place was won by Cooky Donaldson. This time lunch was served in the dining room at the main club house which made for great comfort in the air condition which was much appreciated by the players. Thanks again to the Palm Beach Polo staff for making this a spectacular event. Special thanks to Paul Hope for taking pictures, supplying everyone with their own coffee mug with citrus logo as well as the finals awards which he makes himself. Thanks again for all the players and spectators who turned out to watch the matches. We will see everyone at the final leg at the end of November of this new and innovative championship series.
